People have been playing team games since ancient times. People have always loved to be part of a great team, to compete their hardest with others, and to win, too. Games have changed. **They** have changed because now there are clear rules. These make everything about a game clear to everyone. Take football, for example. In the past, hundreds of people sometimes played for days. and matches were not very safe, either: players often kicked each other more than the ball!
