**Reading**

(12 Marks)

**1. Read the following**

People have been playing team games since ancient times. But why? Well, people have always loved to compete their hardest with others, and to win, too. Games have changed because now there are clear rules. These make everything about a game clear to everyone. In the past, hundreds of people sometimes played football for days. There were no 'rights' and 'wrongs' – and matches were not very safe, either: players often kicked each other more than the ball! Then, in 1863, players from different teams met, decided the rules together, and invented the modern game. The rules have helped to make football the world's favourite sport.
